RE: Residences at Main - 5085 Main Street, Trumbull, CT

Dear Chairman Garrity,

I had the opportunity to meet several times with the developers of the Residences at Main, the architect and engineering firms for the proposed development at 5085 Main Street. I would like to commend them all for the time they took to listen to the apprehensions of the emergency services. The developer took any concerns that emergency services had seriously and worked diligently to come up with alternate plans to make sure the development was a safe environment for its future residents and for first responders to access and operate on the property.

We look forward to working with them on this project and seeing it thru to completion.

If you have any questions please don't hesitate to contact me.

Sincerely,
